MUSICAL FIDELITY

When music matters most

X-CANS

WHAT HI-FI?

Class A Single Ended Triode Tube Headphone Amplifier

Max output power	100mW into 40Ω > 100mW for loads >40Ω
THD	< 0.02% 20Hz-20kHz unweighted < 0.007% 20Hz-20kHz 'A' weighted
S/N ratio	> -80dB unweighted > -86dB 'A' weighted

All measurements are made at 3.5mW into 40Ω

Dimensions	110 x 110 x 220mm (W x H x D) Width and height include feet
Weight	1.4 kgs
Standard accessories	12V mains adaptor

"I was immediately struck by the X-CANS' sheer dynamic capability and grunt allied to its delightful musicality"

"So pleasurable is headphone listening with the X-CANS doing the driving that the only limiting factor is headphone comfort"

Hi-Fi News and Record Review

MUSICAL FIDELITY

When music matters most

<i>Features</i>	<i>Benefits</i>
Class A single ended triode tube design	<i>True high end performance for headphones</i>
Line In & Line Out connections	<i>Allows use in the tape monitor loop whilst retaining full tape monitor functionality</i>
Optimum PCB layout and high quality components throughout	<i>Ensures maximum sound quality and reliability</i>
External mains transformer	<i>Extremely low background noise levels maximise dynamic range and low level detail resolution</i>
Powerful tube output stage	<i>Easily drives low impedance headphones to realistic levels</i>

“...theres a sense of effortlessness to the sound...”

“Theres no lack of clarity here”

“Listening to ‘homeless’ from the Paul Simon album the X-CANS proved a revealing partner, able to convey the layered sound of the singing and pinpoint the different contributions made by individual musicians. ”

“The X-CANS is a fine device”

What Hi-Fi ★★★★★
